

The background features a gradient from green at the top to blue at the bottom, with a subtle pattern of small white dots. Overlaid on this are several white circular and semi-circular lines, some with arrows indicating a clockwise direction. A prominent scale on the left side of the image ranges from 140 to 260 in increments of 10, with tick marks and numbers.

NIKUNJ PRAJAPATI'S PORTFOLIO

Note : Because of some confidentiality of Company I can't share all project snaps

ADMINISTRATION

Use this page to manage access rules for your Web site. Rules are applied to folders, thus providing robust folder-level security enforced by the ASP.NET infrastructure. Rules are persisted as XML in each folder's Web.config file. Rules are applied in order. The first rule that matches applies, and the permission in each rule overrides the permissions in all following rules. Use the Move Up and Move Down buttons to change the order of the selected rule. Rules that appear dimmed are inherited from the parent and cannot be changed at this level.
